One Day We'll All Be Dead and None of This Will Matter Nov 14 2021 One of NPR's Best Books of the Year A DEBUT COLLECTION OF FIERCE, FUNNY ESSAYS ABOUT GROWING UP THE DAUGHTER OF INDIAN IMMIGRANTS IN WESTERN CULTURE, ADDRESSING SEXISM, STEREOTYPES, AND THE UNIVERSAL MISERIES OF LIFE In *One Day We'll All Be Dead and None of This Will Matter*, Scaachi Koul deploys her razor-sharp humor to share all the fears, outrages, and mortifying moments of her life. She learned from an early age what made her miserable, and for Scaachi anything can be cause for despair. Whether it's a shopping trip gone awry; enduring awkward conversations with her bikini waxer; overcoming her fear of flying while vacationing halfway around the world; dealing with Internet trolls, or navigating the fears and anxieties of her parents. Alongside these personal stories are pointed observations about life as a woman of color: where every aspect of her appearance is open for critique, derision, or outright scorn; where strict gender rules bind in both Western and Indian cultures, leaving little room for a woman not solely focused on marriage and children to have a career (and a life) for herself. With a sharp eye and biting wit, incomparable rising star and cultural observer Scaachi Koul offers a hilarious, scathing, and honest look at modern life.

Only now, fifty years after those harrowing events, can the full story be told. This book is a powerful eyewitness account and a gripping history of the uprising in Hungary that heralded the future liberation of Eastern Europe. Paul Lendvai was a young journalist covering politics in Hungary when the uprising broke out. He knew the government officials and revolutionaries involved. He was on the front lines of the student protests and the bloody street fights and he saw the revolutionary government smashed by the Red Army. In this riveting, deeply personal, and often irreverent book, Lendvai weaves his own experiences with in-depth reportage to unravel the complex chain of events leading up to and including the uprising, its brutal suppression, and its far-reaching political repercussions in Hungary and neighboring Eastern Bloc countries. He draws upon exclusive interviews with Russian and former KGB officials, survivors of the Soviet backlash, and relatives of those executed. He reveals new evidence from closed tribunals and documents kept secret in Soviet and Hungarian archives. Lendvai's breathtaking narrative shows how the uprising, while tragic, delivered a stunning blow to Communism that helped to ultimately bring about its demise. *One Day That Shook the Communist World* is the best account of these unprecedented events.

[Me Talk Pretty One Day](#) May 20 2022 Anyone that has read NAKED and BARREL FEVER, or heard David Sedaris speaking live or on the radio will tell you that a new collection from him is cause for jubilation. His recent move to Paris from New York inspired these hilarious new pieces, including 'Me Talk Pretty One Day', about his attempts to learn French from a sadistic teacher who declares that 'every day spent with you is like having a caesarean section'. His family is another inspiration. 'You Can't Kill the Rooster' is a portrait of his brother, who talks incessant hip-hop slang to his bewildered father. And no one hones a finer fury in response to such modern annoyances as restaurant meals presented in ludicrous towers of food and cashiers with six-inch fingernails.

Lifeburst Aug 19 2019 Somewhere, eons past, the seekers had begun as weapons - cyborg war machines. Nuclear explosions and powerful lasers meant little to them, for each was larger than ten battleships and subsisted on a diet of heavy metals, preferably radioactive. Soon the seekers began their own Lifeburst, flying to nearby stars, evolving, eating, destroying... Our solar system was next.

Open-Field Farming in Medieval Europe Mar 06 2021 This book presents a detailed account of the co-operative practice of agriculture in medieval England, shedding much light on how medieval villagers governed their own affairs. During this period co-operation was essential in ploughing, sowing and reaping, with communal control of the pasturing of the fallow and stubble. These practices were set out in customary by-laws which were agreed to by common consent and villages themselves were greatly involved with their enactment and enforcement. In the course of time, many of the by-laws were put into writing. Professor Ault has travelled extensively throughout England collecting and researching these agrarian ordinances and translating them into modern English. Since it was first published in 1972 this analysis has provided new insight into the organizational structure and governance of medieval villages in England and is essential reading for all those interested in the history of the Middle Ages.

One Day in April - A Hillsborough Story Dec 15 2021 On the morning of Saturday 15 April 1989, Jenni Hicks, her husband, and their two teenage daughters, Sarah and Vicki, went to watch a football match. That was to be their last day as a family. Sarah and Vicki didn't come

home, and Jenni's world was changed forever. Since that fateful day, Jenni has tirelessly campaigned for justice for her own and others' families. But this is not the story of the Hillsborough tragedy. This is a story of what came before and after that day: of a mother's love, her unimaginable bravery, a flame of hope that never died, and a quest for justice that has lasted three decades. It is a journey that has taken her from Allerton Cemetery to the Courts of Appeal, from the depths of despair to meetings with Prime Ministers and royalty. With the final court cases coming to a conclusion in spring 2021, Jenni's role as the longest-serving committee member of the Hillsborough Family Support Group is coming to an end - and she can finally give herself permission to grieve solely as a mother, rather than as a campaigner. *One Day In April* is the first time that Jenni has spoken about her story in full, and is a unique and poignant tribute to the lives that Sarah and Vicki lost, and the final word from the extraordinary mother they left behind.
