Uebersetzung der Kurzgeschichte 'The Wendigo' von Algernon Blackwood, publiziert im Jahre 1910 in seinem Buch 'The Lost Valley and Other Stories'. Blackwood war ein englischer Autor, Esoteriker und Theosoph. Als Autor ist er für zahlreiche unheimliche Kurzgeschichten bekannt. Wendigo ist der Name eines daemonischen Wesens aus der indianischen Kultur und kommt seit Urzeiten in entsprechenden Erzählungen vor. Er ist ein "Menschenfresser" und böser Geist, der die Menschen in den Wahnsinn treibt und selbst zu Kannibalen macht. Sein Aufenthaltsraum sind besonders die großen, dunklen Wälder. Ausdauernd und hartnäckig verfolgt er Wanderer und Jäger, wenn die Dunkelheit hereinbricht, um sie dann zu überfallen. Written by a highly experienced and respected Drama teacher and Author, Annie Fox, this comprehensive resource offers detailed guidance on how to approach performing duologues for the GCSE Drama course. It aims to help students have the most positive possible experience of performing duologues, from choosing ones that suits their skills, supporting their rehearsals and trouble-shooting common problems. - Provides guidance on how to select a duologue, including the choice of character, content and genre. - Includes a large selection of exemplar duologues for performance practice, each with a summary of the setting and characters, as well as notes to aid in understanding and breaking down the scene. - Offers advice and tips on how to rehearse and

troubleshoot common issues such as forgetting lines and ensuring students demonstrate a range of skills. - Covers a wide range of genres and styles, including the horror thriller *Let the Right One In*, the friendship drama *Out of Love* and the hilarious fantasy comedy, *Alice*. - Supports all GCSE Drama specifications including AQA, OCR, Edexcel and WJEC/Eduqas, and offers high-quality support you can trust. A Study Guide for Daniel Keyes's "Flowers for Algernon," excerpted from Gale's acclaimed *Novels for Students*. This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust *Novels for Students* for all of your research needs. Educators across content areas have turned to *Classroom Strategies for Interactive Learning* for almost two decades. This fully updated fourth edition delivers rich, practical, research-based strategies that readers have found invaluable in the context of today's classrooms. Doug has written all-new chapters that focus on the instructional shifts taking place as the Common Core State Standards are implemented across the United States. These introductory chapters will help you do the following: Understand the research base for comprehension strategies in content classrooms Learn how to tap into students' background knowledge to enhance comprehension of complex texts and build new knowledge Show learners how to question a text Teach reading and thinking through a disciplinary lens At the heart of this edition are more than forty classroom strategies, with variations and strategy indexes that identify the instructional focus of each strategy, pinpoint the text frames in play as students read and learn, and correlate students' comprehension processes across the phases of strategy implementation. In addition, each strategy is cross-referenced with the Common Core's reading, writing, speaking/listening, and language standards. This title is no longer stocked by us. It is now available directly from Christopher Enright: [cenrigh2@une.edu.au](mailto:cenrigh2@une.edu.au) How should lawyers go about their tasks in working with law, in making, interpreting, using, reading and writing law? Enright's book describes clear and simple techniques for working with law. It explains why the technique is needed and what it achieves, and then provides a model for doing it. Each model consists of a step by step guide for performing the relevant task. *Legal Technique* is structured to be the textbook in an introductory law course where the techniques are described, and intended for re-use in later courses on substantive law where these techniques must be further taught and practised in the context of those subjects. *Legal Technique* is accompanied by a free *Legal Technique eWorkbook* (see Supplement) containing materials, questions and answers. Included are exercises for working with statutes, cases, legal texts and for solving legal problems; further exercises to practise approaches to common law and statutory law subjects generally; and specific exercises for the subjects 'Introduction to Law', 'Constitutional Law', and 'Property Law'. Ghost stories are always in conversation with novelistic modes with which they are contemporary. This book examines examples from Sir Walter Scott, Charles Dickens, Henry James and Rudyard Kipling, amongst others, to the end of the twentieth century, looking at how they address empire, class, property, history and trauma. They both had their demons in their pasts... Captain Richard MacKintosh returned from Egypt wounded, not only in body but also in spirit, after making a daring getaway from the rebel band that held him and his military unit captive for months. Plagued by guilt for leaving his brothers-at-arms behind, he is determined to force the crown to garner their forces to search all of Egypt if necessary for them. He wanted – no, needed! – to spend each waking moment finding the help he needed and nothing was going to make him lose focus on that goal. That was until he ran into an angelic face from his past. Scarred from a tragic accident, under the scornful eyes and words of the ton, Abby Merrill has become a shadow of the impetuous she once was. However, when she sees nothing more than caring and affection in Richard's eyes, the hopes

and fantasies she'd thought long buried are rekindled. She would do anything for the man she has long loved and knows that if she is to have any chance of a future with him, she must first help free him from the past. As he has freed her from hers. Together, they learned to live again... In Abby's arms, Richard finds a welcome haven against the storm of guilt and disappointment. But he can't let go of the past and embrace the future until he's freed his brothers from their imprisonment. But once he is free to love Abby, will there be a future left for them to share?

This study locates the philosophical origins of the Anglo-American political and constitutional tradition in the philosophical, theological, and political controversies in seventeenth-century England. By examining the quarrel it identifies the source of modern liberal, republican and conservative ideas about natural rights and government in the seminal works of the Exclusion Whigs Locke, Sidney, and Tyrrell and their philosophical forebears Hobbes, Grotius, Spinoza, and Pufendorf. This study illuminates how these first Whigs and their diverse eighteenth-century intellectual heirs such as Bolingbroke, Montesquieu, Hume, Blackstone, Otis, Jefferson, Burke, and Paine contributed to the formation of Anglo-American political and constitutional theory in the crucial period from the Glorious Revolution through to the American Revolution and the creation of a distinctly American understanding of rights and government in the first state constitutions.

"Contracts casebook for law students"-- Since cinema's earliest days, literary adaptation has provided the movies with stories; and so we use literary terms like metaphor, metonymy and synecdoche to describe visual things. But there is another way of looking at film, and that is through its relationship with the visual arts – mainly painting, the oldest of the art forms. *Art History for Filmmakers* is an inspiring guide to how images from art can be used by filmmakers to establish period detail, and to teach composition, color theory and lighting. The book looks at the key moments in the development of the Western painting, and how these became part of the Western visual culture from which cinema emerges, before exploring how paintings can be representative of different genres, such as horror, sex, violence, realism and fantasy, and how the images in these paintings connect with cinema. Insightful case studies explore the links between art and cinema through the work of seven high-profile filmmakers, including Peter Greenaway, Peter Webber, Jack Cardiff, Martin Scorsese, Guillermo del Toro, Quentin Tarantino and Stan Douglas. A range of practical exercises are included in the text, which can be carried out singly or in small teams. Featuring stunning full-color images, *Art History for Filmmakers* provides budding filmmakers with a practical guide to how images from art can help to develop their understanding of the visual language of film.

A Study Guide for William Blake's "The Tyger," excerpted from Gale's acclaimed *Poetry for Students*. This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust *Poetry for Students* for all of your research needs. As the first collection of essays about Oscar Wilde's comedies, the contributors re-evaluate Oscar Wilde's society plays as 'comedies of manners' to see whether this is actually an apt way to read Wilde's most emblematic plays. Focusing on both the context and the texts, the collection locates Wilde both in his social and literary contexts.

*Principles of Semantic Networks: Explorations in the Representation of Knowledge* provides information pertinent to the theory and applications of semantic networks. This book deals with issues in knowledge representation, which discusses theoretical topics independent of particular implementations. Organized into three parts encompassing 19 chapters, this book begins with an overview of semantic network structure for representing knowledge as a pattern of interconnected nodes and arcs. This text then analyzes the concepts of subsumption and taxonomy and synthesizes a framework that integrates many previous approaches and goes beyond

them to provide an account of abstract and partially defines concepts. Other chapters consider formal analyses, which treat the methods of reasoning with semantic networks and their computational complexity. This book discusses as well encoding linguistic knowledge. The final chapter deals with a formal approach to knowledge representation that builds on ideas originating outside the artificial intelligence literature in research on foundations for programming languages. This book is a valuable resource for mathematicians. Novel-Ties study guides contain reproducible pages in a chapter by chapter format to accompany a work of literature of the same title. The seventeenth century was England's century of revolution, an era in which the nation witnessed protracted civil wars, the execution of a king, and the declaration of a short-lived republic. During this period of revolutionary crisis, political writers of all persuasions hoped to shape the outcome of events by the force of their arguments. To read the major political theorists of Stuart England is to be plunged into a world in which many of our modern conceptions of political rights and social change are first formulated. David Wootton's masterly compilation of speeches, essays, and fiercely polemical pamphlets--organized into chapters focusing on the main debates of the century--represents the first attempt to present in one volume a broad collection of Stuart political thought. In bringing together abstract theorizing and impassioned calls to arms, anonymous tract writers and King James I, Wootton has produced a much-needed collection; in combination with the editor's thoughtful running commentary and invaluable Introduction, its texts bring to life a crucial period in the formation of our modern liberal and conservative theories. The concept of self-ownership was first articulated in anglophone political thought in the decades between the outbreak of the English Civil War and the Glorious Revolution. This book traces the emergence and evolution of self-ownership over the course of this period, culminating in a reinterpretation of John Locke's celebrated but widely misunderstood idea that "every Man has a Property in his own Person." Often viewed through the prism of libertarian political thought, self-ownership has its roots in the neo-Roman or republican concept of liberty as freedom from dependence on the will of another. As Lorenzo Sabbadini reveals, seventeenth-century writers believed that the attainment of this status required not only a specific kind of constitution but a particular distribution of property as well. Many regarded the protection of private property as constitutive of liberty, and it is in this context that the vocabulary of self-ownership emerged. Others expressed anxieties about the corrupting effects of excessive concentrations of wealth or even the institution of private property itself. Bringing together canonical republican writers such as John Milton and James Harrington, lesser-known pamphleteers, and Locke, a theorist generally regarded as being at odds with neo-Roman thought, *Property, Liberty, and Self-Ownership in Seventeenth-Century England* is a bold, innovative study of some of the most influential concepts to emerge from this groundbreaking period of British history. How do characters tell stories in plays and for what dramatic purpose? This volume provides the first systematic analysis of narrative episodes in drama from an interactional perspective, applying sociolinguistic theories of narrative and insights from conversation analysis to literary dialogue. The aim of the book is to show how narration can become drama and how analysis of the way a character tells a story can be the key to understanding its role in the unfolding action. The book's interactional approach, which analyses the way in which the characteristic features of everyday conversational stories are used by dramatists to create literary effects, offers an additional tool for dramatic criticism. The book should be of interest to scholars and students of narrative research, conversation and discourse analysis, stylistics, dramatic discourse and theatre studies. Winner of 2012 Esse Book Award for Language and Linguistics" Literature Guides Created by Harvard students for students everywhere, SparkNotes is a new breed of study guide:

smarter, better, faster. Geared to what today's students need to know, SparkNotes provides: \*Chapter-by-chapter analysis \*Explanations of key themes, motifs, and symbols \*A review quiz and essay topics Lively and accessible, these guides are perfect for late-night studying and writing papers Few families have contributed as much to English history and literature-indeed, to the arts generally-as the Sidney family. This two-volume Ashgate Research Companion assesses the current state of scholarship on family members and their impact, as historical and literary figures, in the period 1500-1700. Volume 1: Lives, begins with an overview of the Sidneys and politics, providing some links to court events, entertainments, literature, and patronage. The volume gives biographies to prominent high-profile Sidney women and men, as well as sections assessing the influence of the family in the areas of the English court, international politics, patronage, religion, public entertainment, the visual arts, and music. The focus of the second volume is the literary contributions of Sir Philip Sidney; Mary Sidney Herbert, Countess of Pembroke; Lady Mary Wroth; Robert Sidney, Earl of Leicester; and William Herbert, Earl of Pembroke. Am Anfang war ein Traum. Und dann war Leben! Wenn ihr Leben ein Buch wäre, sagt Madeleine, würde sich beim Rückwärtslesen nichts ändern: Heute ist genau wie gestern und morgen wird sein wie heute. Denn Madeleine hat einen seltenen Immundefekt und ihr Leben lang nicht das Haus verlassen. Doch dann zieht nebenan der gut aussehende Olly ein - und Madeleine weiß, sie will alles, das ganze große, echte, lebendige Leben! Und sie ist bereit, dafür alles zu riskieren. So hat man die Liebe noch nie gelesen! Eine außergewöhnlich berührende Liebesgeschichte für Fans von Jojo Moyes und John Green mit besonderen Illustrationen, Skizzen, Notizen und E-Mails. Elementary school teachers who use performance-based assessment techniques in their classrooms show how they apply them to reading assessment. Includes resources that allow further study of the topic. A groundbreaking history of the Big Questions that dominated the nineteenth century In the early nineteenth century, a new age began: the age of questions. In the Eastern and Belgian questions, as much as in the slavery, worker, social, woman, and Jewish questions, contemporaries saw not interrogatives to be answered but problems to be solved. Alexis de Tocqueville, Victor Hugo, Karl Marx, Frederick Douglass, Fyodor Dostoevsky, Rosa Luxemburg, and Adolf Hitler were among the many who put their pens to the task. The Age of Questions asks how the question form arose, what trajectory it followed, and why it provoked such feverish excitement for over a century. Was there a family resemblance between questions? Have they disappeared, or are they on the rise again in our time? In this pioneering book, Holly Case undertakes a stunningly original analysis, presenting, chapter by chapter, seven distinct arguments and frameworks for understanding the age. She considers whether it was marked by a progressive quest for emancipation (of women, slaves, Jews, laborers, and others); a steady, inexorable march toward genocide and the "Final Solution"; or a movement toward federation and the dissolution of boundaries. Or was it simply a farce, a false frenzy dreamed up by publicists eager to sell subscriptions? As the arguments clash, patterns emerge and sharpen until the age reveals its full and peculiar nature. Turning convention on its head with meticulous and astonishingly broad scholarship, The Age of Questions illuminates how patterns of thinking move history. Essentially a complete teacher's manual for the novel, this LitPlan Teacher Pack includes lesson plans and reproducible resource materials for Flowers For Algernon by Daniel Keyes. It includes: Daily Lessons, Short answer study questions, Multiple choice quiz questions, Vocabulary worksheets for each reading assignment, 3 detailed writing assignments, Individual and group activities, Critical thinking discussion questions, 5 unit tests (2 short answer, 2 multiple choice, 1 advanced), Evaluation forms, Review puzzles & games, Bulletin board ideas, Reproducible student materials, and more! Problems in Contract Law: Cases and

Materials, by Charles L. Knapp, Nathan M. Crystal, Harry G. Prince, Danielle K. Hart, and Joshua M. Silverstein, includes cases with notes and explanatory text, additional commentary, essay, and short-answer problems, and multiple-choice review questions for each chapter. The cases selected are a balance of traditional and contemporary that reflect the development and complexity of contract law. Explanatory notes and text place the classic and newer decisions in their larger legal context. Questions and problems provide opportunities to practice core legal skills and encourage students to explore the relationship between theory and practice. This successful book is well known for approaching contract law and theory from multiple perspectives and using a variety of contractual settings. Adaptable for instructors with different pedagogical philosophies, Problems in Contract Law can easily be used in teaching by traditional case analysis, through problem-based instruction, or using theoretical inquiry. The purchase of this ebook edition does not entitle you to receive access to the Connected eBook with Study Center on CasebookConnect. You will need to purchase a new print book to get access to the full experience, including: lifetime access to the online ebook with highlight, annotation, and search capabilities; practice questions from your favorite study aids; an outline tool and other helpful resources. New to the 10th Edition: Five new principal cases that reflect advances in or improved statements of contract law. One restored principal case (Oppenheimer & Co. v. Oppenheim, Appel, Dixon & Co.) that provides valuable perspectives on a fundamental area of contract law. Twelve new problems, including several shorter problems, to provide more review options for teachers and students and to add contemporary fact patterns. Eight new tables and flow charts to assist students with the conceptual structure of complicated legal subjects. Editing of note and text material to reduce length without affecting coverage and to capture new legal developments. Reorganization of text and comment material to focus comments primarily on historical developments, allowing professors greater flexibility in assigning or deleting comments. Student accessibility to deleted cases from prior editions through Casebook Connect, allowing professors the further flexibility of continuing to easily assign cases for which they have a particular preference. Professors and students will benefit from: The authors' emphasis on making the material accessible for both students taking and professors teaching the course - rejecting a hide-the-ball approach. The continued appeal to professors with various teaching methodologies: traditional, problem-oriented, theoretical, and practical. The comprehensive nature of the contents allows professors the flexibility to teach their students the basics or conduct a more in-depth analysis of a given topic. The continued mixture of classic and contemporary cases. Review questions at the end of each chapter that are primarily designed for students to perform self-assessments of their grasp of the material. Answers with explanations are included in an appendix within the book.
