The Stewards is a Christian response to an international culture dominated by self-indulgence and the pursuit of worldly pleasures. Through fun stories and clever illustrations about a modern-day gorilla family struggling through life's obstacle course, The Stewards series of books will imprint the biblical foundation of stewardship in today's youth. The Stewards was conceived and developed by two Christian men seeking God's

wisdom for themselves and their families. Andy Hunter and Jay Neuman created The Stewards while driving from Texas to Florida for a family vacation. They had been looking for a way to combine Andy's background in finance and Jay's experience in marketing and design into a venture that would honor God. Both Andy and Jay live in Texas. And yes, most of the stories were based on real-life events in their families! In this book R. Scott Rodin offers a unique and profoundly theologically informed model of leadership forged out of his extensive experience and theological studies. This model is personal, dynamic and transformative for the leaders themselves, for the people they work with and for the institution or organizations in which they serve. The biblical image of the steward is highly provocative and even revolutionary. In recent years, environmentalists and peace marchers have been discovering the radical potential of the stewardship motif, while the church, sadly, has muffled this symbol's power in ecclesiastical wrappings. So writes Douglas John Hall in the first edition of 'The Steward' (1982). This provocative book has been so much in demand all over the world that Hall has completely rewritten, revised, and expanded his work, adding new material and deleting dated references. Yet Hall has kept his original book's basic format the same in this new and improved edition. In short, Hall aims to recapture the most basic meaning of the biblical metaphor of the 'steward' and to apply that meaning to our social context, one in which human beings are confused and ambivalent about their place and vocation in a threatened world. Working from numerous angles - biblical, historical, sociological, theological, and ecclesiastical - Hall explores the rich meaning and implications of stewardship. Scripture portrays the steward as a caretaker and servant. Hall compares scriptural teaching on stewardship - concentrated in Jesus' parables - with the role of stewardship in the church's history, maintaining that ever since the fourth century, the church's understanding and practice of stewardship have been distorted by its alliance with institutional power. Hall also puts forth apocalyptic warnings about the fate of the earth unless we heed the call to be stewards of the creation, work for world peace and justice, and nurture life in its many forms. The church around the world, says Hall, urgently needs to live as 'steward' - it is a matter of death and life. When I think of all my possessions to include any wealth in savings or retirement funds-

my home and cars; my health, the strength of my body and mind; all that I have accomplished; my talents, titles, or degrees—is there anything that I can claim aside from the magnificent grace of God? Anything? For me, there is nothing that I can claim. Since I came into this world with nothing and will leave with nothing, I am but a steward of God, the One who owns it all. I am the King's keeper and accountable to the King. This King is my precious Savior, Jesus. To gain a better understanding of my role as steward, it is necessary for me to renew my mind and reflect upon what God's Word says about stewardship. To prepare for His return, the King's Keeper will help me discover: 1. those characteristics of the life of a good steward that are pleasing to the King and that will help me demonstrate faithful service without reason for question; 2. how I can steward God's creation; 3. how to steward myself and understand the proper alignment of the body, soul, and spirit for kingdom service; 4. how I can steward my time so that it is pleasing to my heavenly Father, being all about His business; 5. how I can take an honest look at my attitude and behavior concerning my possessions and come into alignment with the desires of the King; 6. how I can steward God's Word and be found faithfully administering the mysteries of the Word of God in love, always giving the glory to Him; 7. how I can steward God's manifold grace and be found fully operating in the gifts in which I have been given for kingdom service; 8. how I can engage my community as a kingdom representative; and 9. how I can tend to the precious relationships in which I have been trusted. A steward must always be ready for the master's return, and the King may return at any time! The biblical image of the steward is highly provocative and even revolutionary. In recent years, environmentalists and peace marchers have been discovering the radical potential of the stewardship motif, while the church, sadly, has muffled this symbol's power in ecclesiastical wrappings. So writes Douglas John Hall in the first edition of 'The Steward' (1982). When a Village Elder mistakenly reveals a secret long kept from Fallon, he is finally able to make sense of his dreams. Fallon sets out to find the mysterious girl with the jet-black hair, for she holds the key to his true destiny...or so he believes.

THE DUNGEONS OF CETAHL, the second book in The Stewards of Reed series, continues the tale of the quests set in motion the day Fallon found himself marked with the Steward's sign. It is a familiar tale of adventure, love and loss. It is a cautionary tale of the downsides of discovery; beware of that which you seek - you may just find it. Stewards, Lords and People analyses the role of the estate steward in the social mechanisms of later Stuart England. This is a print on demand book and is therefore non-returnable. Taking the images of "journey" and "steward" as metaphors for the Christian's life, and using parables of Jesus found in Matthew and Luke, Ronald Vallet helps focus a truly biblical understanding of the term steward and the role of believers as earthly caretakers, neighbors, and responsible servants of God. Written to inform and encourage pastors and laypersons who seek to explore new dimensions in their Christian journey, Vallet's inspirational study teaches Christians how to gain a sense of purpose, how to properly use their resources, talents, and money, and how to reach out with compassion for the welfare of others and for the planet. This revised and enlarged edition includes important new discussions in the areas of faith and money and environmental issues. M. Douglas Meeks has written the foreword, and a new epilogue by Vallet explores the mission

funding crisis of the church in North America, the changing views on both the church and its mission, and the important role played by theological education. Thought-provoking questions and suggestions for further reflection follow each chapter, and a study guide outlines ways to adapt this volume to adult and youth church and school classes, planning groups, conferences, and small-group settings. THE STORY: The fifth play in a cycle of plays about the author's Irish family, THE STEWARD OF CHRISTENDOM is a freely imagined portrait of the author's great-grandfather, Thomas Dunne, the last Chief Superintendent of the Dublin Metropolitan Police Robin Oakley brings alive the colourful world of those who ride and train jumping horses. With elegant production and gripping images The History of Jump Racing chronicles the social and economic changes which have brought the sport's ups and downs-like the development of sponsorships and syndicate ownership, the near loss of the Grand National, the growing domination of the Cheltenham Festival and the growth of all-weather racing to meet the bookies' demands for betting shop fodder. Pace and colour is provided by stories of the horses who have been taken to the heart of racing crowds, like the Irish-trained hurdler Istabraq and Best Mate, the three-times winner of the Cheltenham Gold Cup for England. Famous rivalries and memorable races are re-lived and key victories revisited in portraits of and interviews with the owners, jockeys and trainers who have dominated the sport. The emphasis will be largely on the past fifty years-from Arkle to Tony McCoy-but a significant introduction by Edward Gillespie encapsulates the past history of what was previously known as 'National Hunt Racing' and sets the stories in context. . Vols. 1-8, 1880-87, plates published separately and numbered I-LXXXVIII. In this book R.
